

(This Service Bulletin is FAA D.O. Authorization SW-1 Approved)

**SUBJECT:** INSTALLATION OF ALTERNATE STATIC AIR  
SOURCE PLACARD (DECAL)

**MODELS AFFECTED:** 1) M20C, S/N 1852, 1940 thru 670149  
M20E, S/N 101 thru 670062  
M20F, S/N 660001 thru 670451

2) All aircraft listed above that are equipped with  
the optional alternate static air source system  
and which do not have placard (decal)  
P/N 950085-47 installed in accordance with the  
instructions in this service bulletin.

**TIME OF COMPLIANCE:** Mandatory within next 50 hours.

**INTRODUCTION:** The alternate static air source instruction placard  
(decal) was inadvertently omitted from various  
aircraft having the system. The placard (decal)  
is required to help the pilot locate and operate  
the alternate static source valve.

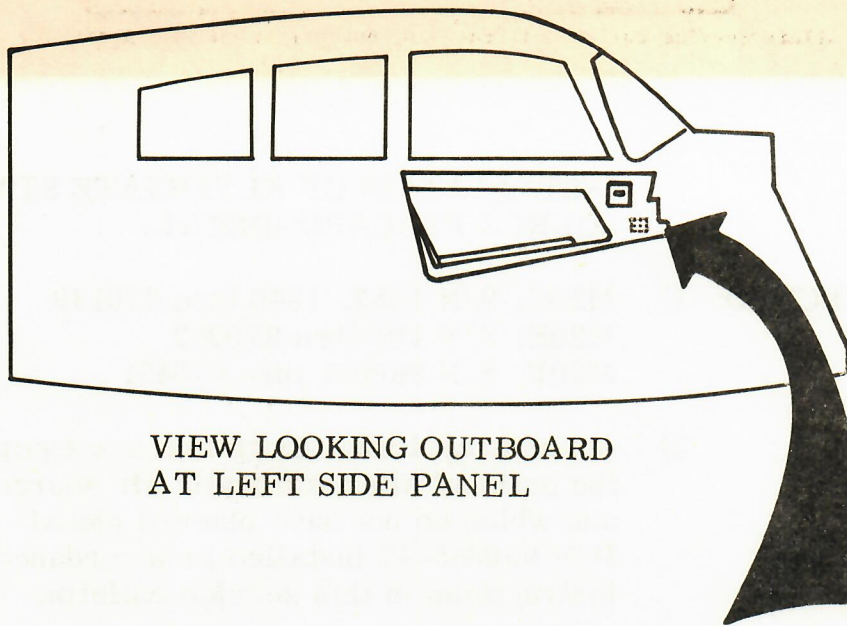

**INSTRUCTIONS:** Adhere placard (decal) to left forward cabin side  
panel as shown in illustration on reverse side  
of this sheet. The decal is self adhering (pressure-  
sensitive).

**SERVICE BULLETIN KIT:** No. M20-158

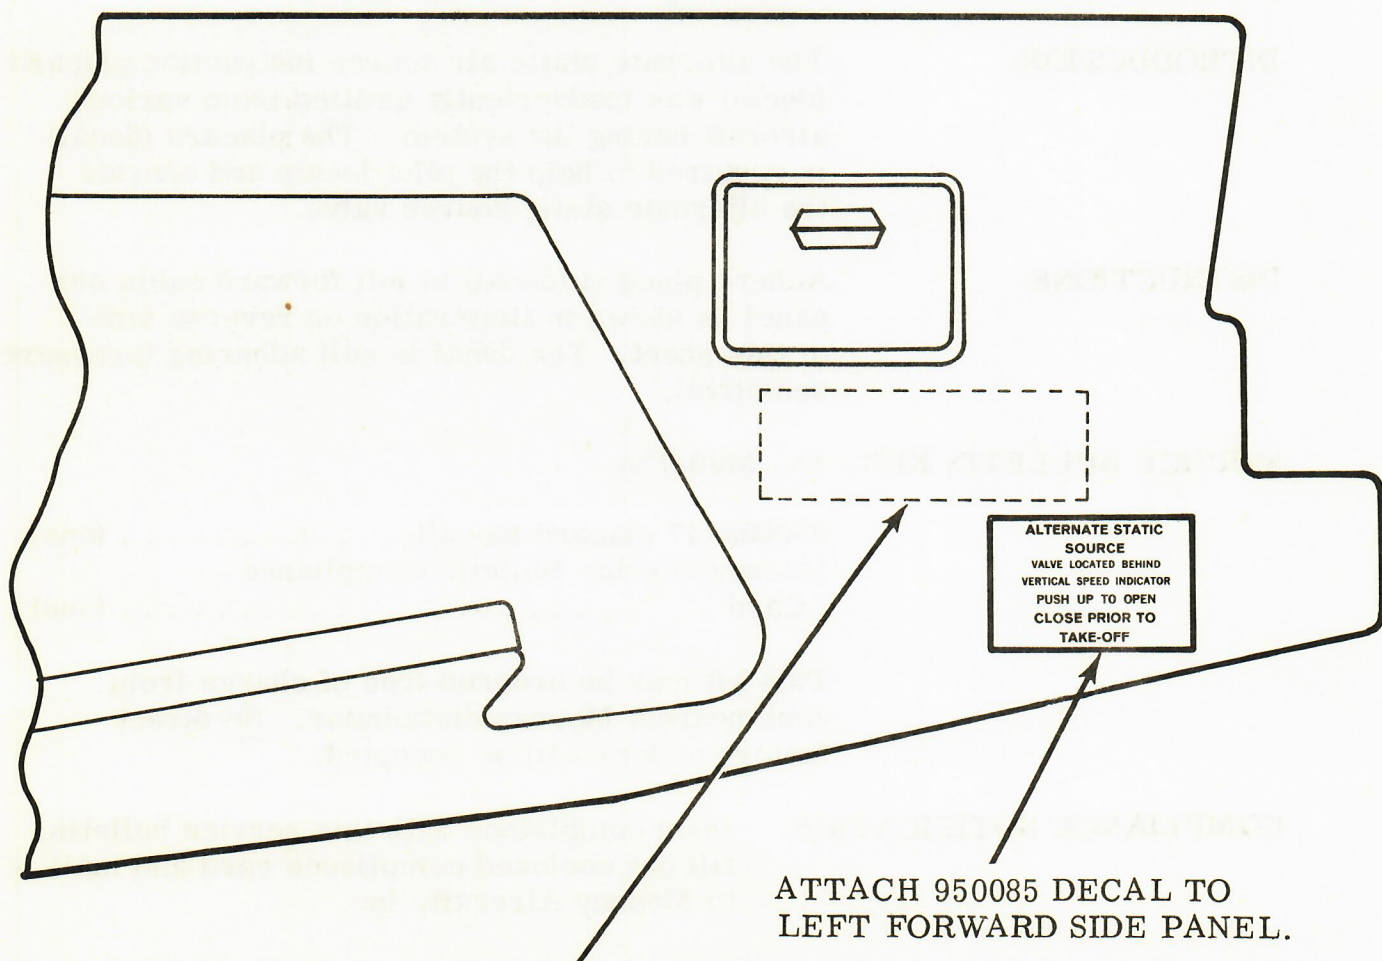

950085-47 placard (decal) . . . . . (one)  
Mooney Service Bulletin Compliance  
Card . . . . . (one)

This kit may be ordered free of charge from  
your nearest Mooney distributor. No direct  
factory orders will be accepted.

**COMPLIANCE NOTIFICATION:** Upon compliance with this service bulletin,  
fill out enclosed compliance card and mail  
to Mooney Aircraft, Inc.
